Dear Sir:-

I have been enjoying the coins and the nice cards you so kindly made, very much and now will return the coins direct to you as my brother advises. It was a great treat to see the coin of the Victory. I think there is nothing in the Louvre in statuary that I felt so impressed with as that splendid winged figure. My brother said I could keep

the casts. So I wish to thank you very much for them as well as for all your trouble in looking up the coins for me. I feel sorry to have my brother sell the coins they have been with us so long. I take a great interest in them but of course have never made them such a study as Colin has.

Hoping they will reach you safely. I remain respectfully

Emma B. King.

Gentlemen:

Your favr of 10th inst with enclosure of check for $1769.33 at hand, and I thank you for your prompt settlement. In your account as rendered I notice an item: "Chapman Catalogue, 1804, plates, $3.00". You will probably remember that I stated I already had an unpriced plate catalogue of that sale, and only bargained for a copy of the printed price list which you said you would furnish me at the price at which it was issued, which I think was twenty five cents.

When will you send the Am. Journals of N., the Crosby Catalogue, the tin box, and the blank book containing my manuscript catalogue? Please send them to my residence address, 37 Irving Place, Passaic, N.J.

I am very sorry indeed to hear of Mr. H.C. Jr's illness, I trust he has entirely recovered. I hope to visit Phila, in the course of a week or two, & will call.

Gentlemen,

Yours of 26th inst received. I interviewed Mr. Anger this morning and arranged for him to bind my Am. Journals as soon as I receive the remaining volumes from you. I intended to have the first twenty volumes bound first, but as you state you will probably be able to supply the remaining volumes in a week or two, I will wait until I receive them, and have them all bound at once. I thank you for your suggestion to have the covers bound in the back of the book. It is a good idea, and one that I would not have thought of.

I think I told you I had some duplicate Journals, volumes VI to XI - six volumes complete, (volumes IX and X bound together in cloth, the others unbound). Shall I send them to you to put in your next sale, or what will you ~~will you~~ allow me on them in part payment for the later volumes you are sending me? They are

of no use to me, and I would like to dispose of them.

At my mother's home in Indianapolis, I have a coin cabinet in the shape of a large fire proof safe (combination lock,) fitted with about thirty drawers, lined with green baize (billiard-table cloth). It held my collection of over two thousand pieces. It weighs, I should judge, over nine hundred pounds. Do you think it would pay for me to have it sent to Phila^a and have you put it in one of your sales? Do you think it would bring a fair price? It cost $45.00, wholesale price at the factory, without the cabinet work. If you need such an article in your business I will sell it to you very cheap.

I shall be glad to have you send me a selection of Colonials to pick varieties from. I am anxious to get my colonials in the finest condition I can, but I realize that it will be difficult to get all the varieties of Connecticuts x New Jerseys, for instance, in perfectly satisfactory condition. So you may send the best you have, and I will see if there is anything that I want among them.

Yours truly

They are a variety which I wish, but their condition is too poor to suit me. Whenever you get this variety in better condition please send me on approval.

The two which I have retained are not in satisfactory condition, but I dont suppose I would be able to get them any better. I would like very much to know the "pedigree" of the two pieces - The one dated 1739 I believe is from the Bushnell collection. Am I right? Can you tell me the history of the other?

I am sorry you could not send me the #75.00 one. If the gentleman returns it, please dont fail to send it to me on approval.

Your letter of 9th inst just received.
I enclose herewith my check for $110.00 in payment for the two "Granbys".

I dont think I care for the corroded Granby even at $45.00. I will wait and take my chances of getting a better one some time. If it was only a little better I would take it. I am sorry I did not get a chance at the $75.- one. It is a variety which I want. You need not send me any of the other colonials at present, as I shall probably be in Philadelphia within a week or two and will look over your stock then.
